OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 29 January 1964

25X1 1. [ ] Talked with Walter Reynolds, Staff Director of the Senate Government Operations Committee, regarding the status of H.R. 5171 (which has passed the House) and S. 1577, two bills relating to the coordination and use of electronic data processing equipment by Government departments and agencies. Reynolds acknowledged that both bills are now before his Committee and added that in executive session on the 21st of this month it was decided by the Committee to take no action on these bills until after the special commission which has been appointed by the Bureau of the Budget to look into this matter makes its report. This report is expected to be submitted in June. With this timing and the expectation of an early recess or adjournment, Reynolds expects little if any action on this legislation this year.

25X1 2. [ ] I met with Mrs. N. Kath, Assistant to Senator Clair Engle (D., Cal.), concerning the correspondence received from [ ] California. I provided Mrs. Kath with a copy of Executive Order 9621 and an unclassified paper on the Central Intelligence Agency together with some suggested wording for use in their reply to [ ] questions regarding the Office of Strategic Services and the Central Intelligence Agency.

25X1 3. [ ] Talked with Representative Albert H. Quie to ascertain if he would be willing to talk with a Korean national of the opposition party who is now in the United States and who wishes to meet members of Congress and personalities prominent in the educational field. Referring to the fact that he too was a member of the "opposition party," Mr. Quie said he would be happy to do this. Specific arrangements will be made within the next few days.
